Motherwell Supporters Trust is delighted to announce a real pre-Christmas treat for all football fans. We will be hosting an exclusive Fan's Forum at Fir Park on Thursday 17th December. Featuring Jim Gannon's first public Q & A since arriving at the club, his thoughts will be of great interest to Motherwell fans as we approach the halfway stage of the season.

Motherwell Supporters Trust is delighted to announce a real pre-Christmas treat for all football fans. We will be hosting an exclusive Fan's Forum at Fir Park on Thursday 17th December. Featuring Jim Gannon's first public Q & A since arriving at the club, his thoughts will be of great interest to Motherwell fans as we approach the halfway stage of the season.

Jim will be joined on an interesting and respected panel by Rangers great Mark Hateley, who's son Tom is currently gracing the Motherwell first team, whilst former Scotland boss Craig Brown will offer an insider's perspective on the current predicament of the Scottish national team.

Completing the celebrity line up will be our own '91 Legend Chris McCart, now Head of Youth Development at Celtic. The panel will discuss a mixture of pre-selected questions on the burning football topics of the day, followed by an open forum where the audience will be able to pose their own questions directly. The evening will be ably chaired by Scottish Sun sports journalist and lifelong Motherwell fan Andy Devlin.

What promises to be a lively and engaging night of football discussion starts at 7pm in the Davie Cooper Suite, Fir Park, Motherwell on Thursday 17th December. Entry will be on a first come, first served basis, the bar will be open and free pies will be served at half time. Entry is £3, but current Trust members get in free!

You can join the Motherwell Supporters Trust today for only £5, by visiting the website, [www.mstonline.net](http://www.mstonline.net), clicking on the "become a member" banner and following the instructions. You can also join on the night of the Forum, where the Trust will have a membership table set up.
